# PUGAZHEDHI K

## PROFILE

A 2024 Computer Science graduate with a strong focus on frontend development, skilled in HTML, CSS, JavaScript, and React.js. Passionate about building intuitive, responsive, and user-friendly web interfaces. Proven ability to deliver projects like a Courier Management System and a Surveillance System, showcasing my technical and problem-solving skills.

## EDUCATION

- Anand Institute Of Higher Technology** 2020 - 2024  
Bachelors Of Engineering in Computer Science - **CGPA 7.4**
- Rathinagiri Bageerathan Matric Hr Sec School** 2019 - 2020  
HSC - 51%
- Rathinagiri Bageerathan Matric Hr Sec School** 2017 - 2018  
SSLC - 78%

## PROJECTS

### Enhance the Surveillance System Using Face Recognition and Object Detection

- Developed a surveillance system using React.js for the frontend and Python for backend logic.
- Implemented face recognition and object detection to identify individuals and locate missing objects in footage.
- Designed a user-friendly interface for searching specific time frames and capturing images with timestamps.

### Courier Management System

- Built a system using HTML, CSS, and JavaScript for the frontend and MySQL for database management.
- Enabled real-time tracking of deliveries and efficient management of customer and package information.
- Created an intuitive interface for smooth courier operations and data management.

## DECLARATION

I hereby declare that the information furnished above is correct to best of my knowledge.
